

Homeopathy for Goats – rearing kids

We specialise in making homeopathic remedies for all animals. Below are our most common remedies that you would use for rearing kids. Homeopathy is a very gentle, safe and cost-effective way to help your animals with their health. All remedies can be added to mouth, food or water.

We also have a full dispensary, so if there is a remedy you would like or you have an animal health problem that is not below, then ask. Our remedies come in 25ml, 50ml, 100ml (glass bottle with dropper), 200ml and 500ml (plastic bottle with cap). You can also order 100ml spray bottle in any remedy for easy dispensing and administration. All purchases over \$72 get freight free.

Bloat	BL Nosode - A nosode for bloat, used to assist the kids at high risk. Colchicum 30c - A remedy to help the digestive system when there is a risk of bloat. It is good for when a kid is showing signs of bloat.
